***Freemanomyia* JASCHHOF nom. nov., a new replacement name for
Pterogymnus FREEMAN, 1951 (Diptera: Sciarioidea)**

[*Freemanomyia* JASCHHOF nom. nov., ein neuer Name für
Pterogymnus FREEMAN, 1951 (Diptera: Sciarioidea)]

by

Mathias JASCHHOF

Greifswald (Deutschland)

Pterogymnus FREEMAN, 1951 (in Diptera, Sciarioidea) is a junior homonym of *Pterogymnus* SMITH, 1938 (in Pisces, Sparidae) and must be replaced by a new name as there is no synonym available [see ICZN (1999), article 60.3]. As a new name I herewith propose *Freemanomyia* JASCHHOF nom. nov.

The only species included in the genus *Freemanomyia* is *F. elongata* (FREEMAN, 1951), which cannot be assigned to any of the existing family group taxa of the Sciarioidea.

Literature

FREEMAN, P. (1951): Diptera of Patagonia and South Chile. Part III - Mycetophilidae. - British Museum (Natural History). - vii + 138 pp., Pls I-XLIX; London.
